DICKINSON DENIES IT.

Says He Did Not Announce Meeting To Reorganize Democracy.

VIEWS OF PROMINENT DEMOCRATS.

Grover Cleveland In Favor of Reorganization—Governor Stone Says Party Doesn't Need to Be Reorganized—Tart Opinionous.

Detroit, Nov. 9.—Don M. Dickinson of this city, postmaster general under President Cleveland, denied an alleged interview with him that appeared in a New York paper in which he was made to say that plans had been decided upon at a meeting in New York for the reorganization of the Democratic party. Asked if he knew whether such a meeting had been held to New York, Mr. Dickinson said: "I decline to make any statement. I am not engaged in promoting any movement for the reorganization of the party. If a meeting is called, I presume I shall be invited." When asked if such a meeting will be called, Mr. Dickinson said, "I decline to be drawn into any details."

Anent the talk of reorganizing the Democratic party a number of Democrats have been interviewed, and an epitome of their opinions follows:

Ex-President Grover Cleveland at Princeton wrote and signed the following: "I have heard nothing about a movement on foot for the regeneration of the Democratic party, but I hope steps will be taken in that direction. I am not willing to make any statement now."

John G. Carlisle.—"An immediate return to the conservative and patriotic position occupied by the party before it was demoralized by Populism and free silver Republicans in 1896 will invite all true Democrats in an active opposition to the objectionable policies of the administration, insure the success of our northern friends in state and local contests, and prepare the way for a great national victory in 1904."

William C. Whitney.—"It is evident that rigorous measures in the way of repudiating false gods and false principles are required. It is not a matter of the coming together of the factions. It is a matter of adopting principles that are for the good of the country and that represent the old Democracy."

Hoke Smith, Atlanta, Ga.—"I doubt the advisability of a distinct movement by a few men with the purpose of reorganization. A party which can poll the enormous vote that the Democratic party has recently polled is far from being a dead party. More conservative course will prevail in future Democratic conventions."

Ex-Governor Stone, vice chairman of the national Democratic committee, said: "This talk about a reorganization is absurd. The Democratic party is already organized. If by reorganization is meant a change in the national committee, that will have to be done at the next national convention. If by reorganization is meant a radical change of platform with a candidate whose views accord with it, that will also have to await the next national convention. If the next national convention wants a new national committee, I am willing to abide by the verdict of the convention. I have noted that those men who clamor for reorganization after defeat are the very ones that contributed to defeat."

Ex-Governor John P. Altgeld.—"The second defeat of Bryan will not result in a complete reorganization of the party. Bryan is 2,000,000 votes stronger than any other man in the party, and if we can not elect him we can not elect anybody. The result simply shows that money can control American elections. Issues have nothing to do with it. If we had declared for the gold standard our defeat would have been worse."

Horace Boies of Iowa.—"My belief is we should drop 16 to 1. Let the money question rest while conditions remain as at present. Organize Democratic clubs in every voting precinct to send delegates to county, from county to state, and from state to national convention of delegates to meet periodically and formulate a platform for the party. This should be based on principles enunciated in our Declaration of Independence."

Senator John Morgan, Alabama.—"The Democratic party needs no reconstruction. It needs fidelity to its creed, which has stood for 100 years. At present it demands the payment of the national debt and a return to the 'specie basis' for banking. It demands the restoration to the states of the exclusive right to determine the qualification of voters."

HANNA INTERVIEWED.

Says Talk About Him For President Is Absurd.

New York, Nov. 9.—Senator Hanna, chairman of the national Republican committee, arrived here from Cleveland, Ohio. In speaking of the election he said: "The people of this country were overwhelmingly in favor of sound money, law and order and a continuation of that policy which stands for prosperity. Patriotism and loyalty to the flag were strong factors in this campaign and that together with the Gold Democrats, combined to bring about this result. He said: "Nebraska was the greatest victory of all. We made a hard fight in that state; we went for it for all we were worth and while we did not utmost and hoped for the best, we did not expect to carry it. We have carried Kentucky and we have not yet given up hope of receiving her electoral vote and we do not propose to give up. We have carried the state and we propose to fight for it."

"How about changes in the cabinet?" Mr. Hanna was asked.

"You won't get a word out of me about cabinet positions, I have nothing to say about that. It is none of my affairs."

Mr. Hanna's attention was called to the fact that Senator Depew had said the insurrection should be put down in the Philippines at once no matter how much money and how many men it would require to accomplish this end and was asked for his opinion on the subject. He replied:

"I think the insurrection will evaporate almost at once, but if it should not I think we can safely leave the matter in the hands of the president."

"It has been announced that you are a candidate for the presidency in 1904," it was suggested.

"If I find the man who started that report I will kill him. I won't talk about that or allow any one else to do it. It is too absurd."

"Do you mean to say you would decline the nomination if it were tendered you?"

"Well, something very like it. But I don't wish to discuss that at all. It is too foolish."

Taking Out the Tangles

Lexington, Ky., Nov. 9.—The canvassing of the returns of Tuesday's election is likely to cause trouble in various ways and already the court has been invoked to undo blunders of election officers. The blundering began by a failure of the county clerk to furnish election officers duplicate forms for certifying the returns. Thus it happens that in several precincts the only official certificate of the vote is locked up in ballot boxes which, under the law, cannot be opened for six months. It is possible the whole vote of the county may be affected. A mandamus has been granted directing the opening of one of the boxes. The board of election commissioners met Friday to canvass the vote.

Roosevelt Receives Plaudits

New York, Nov. 9.—Among the messages received by Governor Roosevelt at his home in Oyster Bay, was one from Archbishop Chappelle of Manila, as follows: "Congratulations. Have worked for this splendid result." Chairman Dick of the Ohio Republican state committee sent the following: "Congratulations to New York Republicans. Ohio gave the largest plurality ever given to any presidential candidate in her history. You led the fight in that grand contest and the Republicans of Ohio thank you for your presence in our canvass, as well for the great national work you have performed."

New Coal Syndicate

Pittsburg, Nov. 9.—Pittsburg and New York capitalists have formed a new company which will be capitalized at \$10,000,000. The purpose of this proposed corporation is to develop immense tracts of coal land, practically all of which is located in Washington county, B. F. Raerty, a well-known ex-coal mine president is one of the promoters of this new enterprise which will be run in opposition to the Pittsburg and Monongahela River combines. Agents of the syndicate, it is said, have already secured options on 25,000 acres of coal land.

Precautions Against a Pest

Atlanta, Nov. 9.—The department of entomology burned 30,000 trees from a Nashville nursery which, it is alleged, were infected with the San Jose scale. State Entomologist Scott went to Woodbury to destroy 20,000 trees collected there.

Railroad Disaster in Germany

Offenbach, Hesse, Nov. 9.—Two express trains came into collision between this place and Frankfurt-on-the-Main. A gas reservoir exploded, setting fire to the wreckage and seven persons were burned to death and four injured.

ELECTION FRAGMENTS

Reports From Contests Not Hitherto Fully Determined.

KENTUCKY SITUATION BADLY MIXED.

May Be Trouble Before the End Reached—McKinley Carries Nebraska—Idaho For Bryan—Lentz Beaten By Only Eight Votes.

Louisville, Nov. 9.—Republican and Democratic headquarters here are practically deserted, only a clerk or two being left in each to receive and belated returns that may come in. Those of the party leaders still in the city refuse to alter their claims, the Democrats placing Beckham's plurality close to 5,000, and the Republicans pinning their faith on the official count which began in each county Friday. This official count the Republicans say will bring to the front hundreds of ballots not yet reported. Briefly, the Democrats say their candidate for governor stands elected. The Republicans say if their candidate is beaten, it was done by unfair means.

Idaho For Fusion.

Boise, Ida., Nov. 9.—Out of probably 50,000 votes cast in the state, 44,340 have been heard from on president. The figures stand: Bryan 22,753, McKinley 21,581; Bryan's majority 1,172. The legislature stands 28 Republicans to 42 fusionists. There are several seats in doubt, but the Fusionists will have a large majority after these are settled. The Fusion state ticket will have several hundred more majority than the national ticket.

Nebraska.

Omaha, Nov. 9.—Almost complete returns give McKinley Nebraska by over 6,000. The Republican state ticket is apparently elected by from 1,500 to 2,000. The Republicans elect congressmen in the First and Second and the Fusionists in the Third, Fourth, Fifth and Sixth districts. The legislature on which returns are not yet completed, will probably stand: Senate, Republicans 16, Fusionists 16, vacant 1; house, Republicans 51, Fusionists 43.

Lentz Defeated.

Columbus, O., Nov. 9.—Congressman John J. Lentz of the Twelfth Ohio district is defeated by only eight votes out of over 50,000 votes cast. The certificate of election was given to Emmett Tompkins, Republican candidate.

BRYAN'S STATEMENT.

Expresses His Opinion on the Result Of the Election.

Lincoln, Neb., Nov. 9.—In a statement summing up the causes which contributed to the Republican victory, Mr. Bryan says: "The result was a surprise to me and the magnitude of the Republican victory was a surprise to our opponents as well as to those who voted our ticket. It is impossible to analyze the returns until they are more complete, but speaking generally we seem to have gained in the large cities and to have lost in the smaller cities and in the country. The Republicans were able to secure tickets or passes for all their voters who were away from home, and this gave them considerable advantage. We have no way of knowing at this time how much money was spent in the purchase of votes and in colonization. But while these would account for some of the Republican gains, they could not account for the widespread increase in the Republican vote. The prosperity argument was probably the most potent one used by the Republicans. They compared present conditions with the panic times of 1893 to 1896, and this argument had weight with those who did not stop to consider the reason for the change. The appeal, 'Stand by the president while the war is on,' had a great deal of influence among those who did not realize that a war against a doctrine of self-government in the Philippines must react upon us in this country. We made an honest fight upon an honest platform, and having done our duty, we have nothing to regret. We were defeated but not discouraged. The fight must go on. I am sure that Republican policies will be repudiated by the people when the tendency of these policies is fully understood."

Mr. Bryan said he would not be a senatorial candidate before the new Nebraska legislature. He denied the report that he would remove from Nebraska and make Texas his home.

British Hunt the Boers.

London, Nov. 9.—Lord Roberts, telegraphing from Johannesburg under date of Nov. 8, gives details of the defeat of the Boers near Bothaville. Colonel LeGallais was heavily engaged for five hours with 1,000 Boers. Knox

reinforced LeGallais and completely defeated the enemy. Dewet and Steyn with the Boers left in great haste and were pursued some miles to the southeast. The enemy broke up into small parties. LeGallais was among the killed. Steyn's secretary, DeVilliers, was wounded and captured. Lord Roberts also reports a number of small affairs, the most important of which was an engagement fought Nov. 6 by Smith-Dorrien, south of Dalmanutha, which resulted in the Boers being driven to the east of the Komati river.

THAT ICE MUST.

Mayor Van Wyck's Answer Finally Comes to Light.

New York, Nov. 9.—In connection with the answer of Mayor Van Wyck to the charges against him filed with Governor Roosevelt regarding his alleged improper connection with the American Ice company the World prints a telegram dated Sept. 26 purporting to have been sent by B. B. Odell, chairman of the Republican state committee and the Republican candidate for governor, to Governor Roosevelt, as follows: "To Theodore Roosevelt, governor of New York, Cripple Creek, Colo.: Wire Attorney General Davies to be sure not to give out to the reporters the Van Wyck answer at this time. It must be held until after the election is over. This would imperil our chances and get us into a useless wrangle. I have also wired Davies."

Mr. Odell was asked at his home in Newburg, to affirm or deny the authenticity of the telegram, but refused to make any statement at this time.

A letter of Attorney General Davies, declaring that Mayor Van Wyck did own stock in the ice trust and recommending the appointing of a commissioner to inquire into and report upon the facts before taking action to remove the mayor, is also published.

A reporter called on Governor Roosevelt at his home in Oyster Bay and asked him as to the genuineness of the telegram given above. The governor declined to make any statement beyond calling attention to the fact that about 16 days before the election he said to a newspaper reporter there was no possible objection to Mayor Van Wyck giving out his answer, but as far as he was concerned the usual custom would be followed and the answer together with any communication from the attorney general would be made public at the same time the decision was given out.

Mayor Van Wyck's answer to the charges in the matter of the American Ice company, was addressed to Theodore Roosevelt as governor of the state of New York. In his reply the mayor says that it is an answer to the charges preferred against him by David Ferguson and Louis Southworth. He says that he does not own any stock in any ice company and that he has no direct or indirect interest in any such company.

Somebody Gave It Up.

Albany, N. Y., Nov. 9.—There is much mystery over the method by which the letter of Attorney General Davis to Governor Roosevelt on the ice trust matter became public. Attorney General Davies says he did not make it public and it was not given out at the executive chamber. It was in possession of the governor while on his trip and together with all letters and telegrams was sent to the executive chamber for filing. Thursday an assistant stenographers, whose duty it is to file such things, was discharged. To several persons he made threats of vengeance. A searching investigation will be made to determine how the matter became public.

BILOXI BURNED.

Conflagration Sweeps a Well Known Summer Resort.

New Orleans, Nov. 9.—Upwards of 75 houses have been destroyed by fire at Biloxi, a well-known summer resort, and business center on the Mississippi sound, 80 miles from New Orleans. The fire broke out shortly after midnight and a heavy gale blew the flames from the Louisville and Nashville depot to the beach. The small fire department was powerless to stay the flames and houses had to be torn down in various parts of the city to check the spread of the conflagration. The Catholic church convent, and schools, newspaper office, many business houses and residences have been consumed. The fire was still burning furiously at day-break. Hundreds have been rendered homeless. The inhabitants were panic-stricken when the last reports reached here from the stricken town. It is said the losses will exceed \$300,000.

Columbus, O., Nov. 9.—Richard Gardner, the negro ransomer and murderer of little Ethel Long at Austin, Ross county, was successfully electrocuted in the penitentiary.

INTERNATIONAL MAIL.

Report of Superintendent Brooks on Foreign Postal Service.

SHIPS FLYING OUR FLAG FAVORED.

United States Has the Most Postoffices, Most Expensive Postal System And the Largest Deficiency in Expenditures For the Mails.

Washington, Nov. 9.—Captain N. M. Brooks, superintendent of foreign mails, says in his annual report that there were 8,325,016 pounds of mail matter despatched by sea to foreign countries during the last fiscal year. Of this 5,722,433 pounds were for trans-Atlantic destination, almost two and a half millions going to Great Britain. The trans-Atlantic mails increased 429,847 pounds over the previous year. The aggregate cost of the foreign mail service was \$2,158,033. It is estimated that \$4,318,804 was received by the postoffice department as postage on articles exchanged with 11 foreign countries. Captain Brooks says the rule under which the mails for the trans-Atlantic destinations were for many years assigned to the fastest vessels available for their conveyance, has not been rigidly adhered to during the year just closed, preference having been given to vessels flying the flag of the United States.

Parcels post mails despatched from the United States during the year aggregated 138,198, an increase of 28.52 per cent over the previous year. The report makes a strong plea for the international parcel post service. The report says no tidings have ever been received of the steamer Livorno of Sio-man's Brazil line which sailed Feb. 27 from New York to Rio de Janeiro with mails from Brazil.

The report embraces statistics furnished by the universal postal union regarding the postal service of the 43 principal countries of the world in 1898. It shows that the United States has the largest number of postoffices as well as employees and kongo the least. In proportion of postoffices to area and population Switzerland leads with one to every four miles, the United States being 16th in rank. In proportion to population South Australia leads with one to every 462 people, the United States ranking seventh with one to every 855. The United States ranks first and Congo last in the number of articles of mail matter of all kinds received by and sent to each inhabitant. The United States with service on 174,679 miles of railroad and 302,442 miles of all other roads ranks first in the length of mail routes, Spain being last. The United States also ranks first in the aggregate number of miles annually traveled by mails. Germany leads with the United States fourth in the number of articles received and despatched in the international mails. Hungary in parcels received and Germany in parcels despatched. As to postal income Germany ranks first, United States second and Great Britain third and in postal expenditure, the United States ranks first, Germany second, Great Britain third. Great Britain ranks first in amount of postal surplus, and the United States last in amount of deficiency.

Two More Islands Ceded.

Madrid, Nov. 9.—At a cabinet council held under the presidency of the queen regent, General Aznaraga, the premier announced that a Spanish-American convention had been signed in Washington by which the islands of Cayayan and Cibur, in the Philippine archipelago, had been ceded for \$100,000. Because the cession of the islands of Cibur and Cayayan, of the Philippine archipelago, must be ratified by the senate of the United States, the officials of the state department positively decline to discuss the transfer referred to by the Spanish premier. The state department officials regard the islands as absolutely necessary to complete American sovereignty in the Philippines. Lying as they do to the southeast of the main group of islands and in one of the most important channels of communication it would be, in the estimation of the department, a most dangerous course to allow them to fall into the hands of another power and thus constitute a permanent menace to American sovereignty in the Philippines. They are outside the geographical boundaries laid down in the treaty of peace concluded at Paris.

Hyden, Ky., Nov. 9.—News has reached here that on election day James Creech was shot and killed at Wooten, one of the most inaccessible and remote points in Leslie county. There was a general fight over politics and who fired the fatal shot is not known.

The National Church Furniture Works, of Richmond, Ind., have closed down. And so soon, too, after the "prosperity" candidate won the election.

At last President McKinley shows a disposition to reduce the present war tax. But he may change his mind. He was once opposed to "criminal aggression" and "freed annexation."

Mr. YERKES congratulates himself that "the best element in the State" supported him. We presume he refers to the bolting Democrats, but what about the "army of assassins" and the 60,000 colored voters? We suppose he considers them all "better elements" than the 225,000 Democrats that voted for Beckham.

STATE TREASURER HAGAR Thursday paid the Louisville School Board \$62,384. The money was due the Louisville schools for the year 1899, the last year of Republican State administration, and was paid out of the school fund of 1900, under a decision of the Court of Appeals. The fixing of an enormous school per capita for the year 1899 by former Republican Superintendent Davidson for campaign purposes resulted in the shortage.

THAT anti-Goebel County Clerk at Lexington made a nice mess of affairs in discharging his plain duties under the election law. The blundering began by a failure of the Clerk to furnish to election officers duplicate forms for certifying the returns. Then the only official certificate of the vote in several precincts was locked up in ballot boxes, which, under the law, cannot be opened for six months. The result was that the courts had to be called on to remedy the Clerk's blunders. This is the Clerk who has been so bitter in his fight against the Goebelites, and who was found recently to be short in his accounts with the county and State to the amount of several thousand dollars.

GOVERNOR BECKHAM

Will Probably Be Inaugurated Soon After the Official Count Is Made—Planning for the Inaugural.

FRANKFORT, Ky., Nov. 9.—There is a question as to the date of Beckham's inauguration as Governor. The inauguration is to be made an elaborate affair, and people over the State will be given an opportunity to witness it. It will be followed by the conventional inaugural ball.

The law provides that a Governor when regularly elected shall be sworn in on the fifth Thursday after election, but this the lawyers say does not apply this year, and Beckham, who is filling an unexpired term, may be inaugurated at any time after the official count, which will be completed some time week after next.

Governor Beckham spent yesterday and last night at the mansion resting up, but was at his desk in the Executive office to-day. He is confident his majority will reach 5,000, with a possible chance of it going 100 votes higher or lower.

In Europe the practice of planting fruit trees along the public roads is extensively carried out, the principal being apples, pears, plums and cherries. It was started in 1870, and there are now 12,308 trees. Before the fruit is quite ripe it is sold by auction. During the first twenty years this undertaking was unprofitable, but from 1891 it began to pay, when the crop was sold at £160, whilst last year the sale price was something approaching £2,000, or an income of about 3s. a tree.

Every voter in good old Democratic Dover voted last Tuesday. One old gentleman who had not voted for eighteen years was at the voting place before 6 o'clock a. m., to make sure of casting his ballot.

Spread Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in twenty years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters goes up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by J. J. Wood & Son, druggists.

McCREARY'S STATEMENT.

Supremacy of Democracy in Kentucky Has Been Established—Enormous Corruption Fund by Republicans.

Chairman McCreary of the Democratic State Campaign Committee has given out the following:

"I am satisfied from official returns received from nearly all the counties of Kentucky, and from unofficial returns, which are reliable, from the remaining counties, that William J. Bryan and J. C. W. Beckham have carried Kentucky. Allowing Republicans 5,204 majority in the Fifth district and 19,241 in the Eleventh district, which is all they claim in their published reports, Beckham has a majority of not less than 5,000 votes in the State, and Bryan's majority is a little larger. Democrats have also elected nine Congressmen out of eleven and have carried very close districts.

"The election was fairly held throughout the State and all should have the manliness and patriotism to accept the result without contention or misrepresentation, and all should know that the honest and legal result of the election will be maintained.

"The supremacy of Democracy has been established in Kentucky. Law, order and good government, security of life and property have been assured.

"Our brother Democrats have been defeated in all other doubtful States, but in our State Democrats have achieved a great triumph.

"The large amount of money sent by the Republican National Committee to Kentucky to influence voters and make our State take a false position availed nothing. Not a dollar was sent to this State by the Democratic National Committee, but the brave, noble and loyal Democrats did their duty promptly and efficiently, and Kentucky is in the Democratic column to stay.

"In closing the Democratic headquarters in Louisville, after nearly three months of continuous work, I, with pleasure, present my thanks to my associates of the Campaign Committee for their effective and faithful service, and I also thank the county committees and precinct committees for their splendid and unceasing fidelity to their duties, and I give honor and gratitude to the faithful, zealous and unfaltering Democrats whose efforts have been crowned with success.

Monument Sales.

Messrs. W. W. Hall and A. B. Scott, salesmen for F. C. McColl's Granite Cutting Works of Manchester, O., within the past week have sold monuments to the following people of Mason and adjoining counties, aggregating close to \$3,000: Mrs. Calvin Bland, Mrs. Kate Toner, Mrs. Kate Morehead, Mrs. Jas. Bratton, Mrs. Annie Tatman, Mrs. Susan Grover, Mrs. C. M. Pickett, Mr. R. H. Wills, Mr. J. B. Perkins, Mr. J. S. Clark, Mr. S. H. Craig, Dr. J. F. Irvine.

returns from Tuesday's election. Everything passed off smoothly, and the count makes but slight changes in the figures as published in the BULLETIN the day after the election. Each ticket gained a few votes. Four ballots from Helena precinct that had not been distinctly marked were counted for the Democratic ticket, and six from Washington were counted for the Republican ticket, as it was evident that was the intention of the voters. The vote of Dieterich's precinct, over which some trouble was anticipated, was counted without protest. In the table below, the vote of the highest Presidential electors on each side is given. They ran one or two ahead of the other electors. Following is the official result in the county:

FOR THE FARMER.

Onions a Profitable Crop—A New Hardy Peach, the Bokara—Other Items.

An Iowa man this season raised sixty bushels of onions on ten square rods of ground, which he sold at 75 cents per bushel. An acre of such a crop of onions would have yielded 960 bushels, and, if sold at the same figure, would have brought in the large sum of \$720. Not one half mile from where this crop was raised another man had an acre of corn, which he took no care of, which gave him about twenty bushels, of a market value of \$450.

The Bokara peach leads any peach now grown for hardiness.

At a meeting of the tobacco growers of Harrison County it was found that three-fourths of the growers have signed agreements not to raise any tobacco next year.

There are thousands of acres of rough land bordering streams, of little value save to furnish a scant pasture when rain is plenty, which could be most profitably used for apple growing, especially all such hills as may have a north, northeast or northwest slope. The apple likes a stony or rocky soil and will really do much better on such soils than it will on the loamy and richer soils of the flatlands.

POYNTZ BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

When...

WILL YOU NEED THAT COAT?

We hope to-day but whenever you're ready you'll find us waiting to show you through the biggest assortment of all kinds of rightly made coats this store ever had. Such fabrics as we're showing this season never before went into \$5 and \$10 coats. The workmanship is also far above the usual. We planned for more satisfactory coats than were ever known and we succeeded better than we hoped.

Kanawha Black Diamonds Have a Great Advantage Over Pittsburg—Other Items.

The Avalon is to-night's packet for Pomeroy.

Repairs to the Charles B. Pearce's burnt boilers are being rushed, and it is most probable that she will not resume her trade before Monday.

Light rains fell during Thursday throughout the upper Ohio from Pittsburg to Portsmouth, the heaviest precipitation being 0.28 inch at both Pittsburg and Charleston.

The coal combine at Pittsburg has placed steamboat charts in the office of the transportation department that will show the movements of all the company's boats just as soon as navigation is resumed.

The salaries of second engineers on the Ohio river will be put at \$100 per month by the Engineers' Association. Those who are not receiving such salary will be notified to quit unless their salary is raised to that amount.

The Government surveying party Thursday finished their work from Nine Mile to Cullom's Riffle, below Cincinnati, and Friday came to Augusta on quarter boats Nos. 1 and 2, in tow of the Mary Stewart. Work was left off at Augusta by the surveyors last year, who skipped down to Nine Mile, from which place they worked to Cincinnati. The surveyors' report will be used when the bill for building locks and dams is presented to the next Congress.

A marine journal says: "Again the supremacy of the Kanawha, W. Va., district is asserted through its superior location, in its ability to deliver coal to Southern ports long in advance of its Pittsburg competitors in seasons of drouth.

"A sudden, rapid rise took place in the Kanawha river, aided by the New river, on October 26th. When it came there were 3,500,000 bushels (133,000 tons) of loaded coal at Point Pleasant, the mouth of the Kanawha river, waiting for a rise in the Ohio. On that day and the following morning eighteen towboats, with 274 barges and thirty-one flats left the mouth of the Kanawha for Ohio river ports. Coal is very high and scarce in Cincinnati and Louisville and the arrival of this large quantity was a great relief to the coal consumers and also very much benefit to the Kanawha coal operators. There are over 25,000,000 bushels of loaded coal at Pittsburg, which has been there since May waiting for a rise in the Ohio. Sixty-five barges of the coal that went out this trip came from the coal plants owned by the Monongahela River Consolidated Coal and Coke Company, the Pittsburg river coal combine in the Kanawha district."

We challenge competition in quality of material, character of work and in price. We defy competition. We have no traveling men's expenses to pay as we do all our work and can save you at least 20 per cent. on all purchases. Come and see us. **HALL, SPENCER & CALVERT**, No. 27 East Second street, Maysville, Ky.

At Ironton Miss Callie Shum, book-keeper in her father's grocery store, and who is an ardent admirer of Bryan, paid an election bet by rolling a barrel of flour from her father's store down the middle of the street two squares to the home of W. E. Fox, the party with whom she bet. The bet was to have been paid in the afternoon, but as Miss Shum is quite pretty a large number of kodak fiends were on hand to get snap shots, and Mr. Fox permitted her to wait until too late for the fiends to get in their work.

CHRISTIAN CHURCH—Preaching to-morrow morning and evening by the minister, Howard T. Cree. Morning subject, "Service—Lord, What Shall I Do?" At close of the morning service a call is to be extended to a minister for next year, and the entire membership is expected to be present to have a voice in the matter. Evening service at 7 o'clock. All welcome.

That Throbbing Headache

Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by J. Jas. Wood & Son, druggists.

The Difference in Cost

Of thoroughly good fashionable and serviceable Clothes and Shoes as bear our label and inferior goods is not large enough to warrant you taking the risk attached to buying ordinary goods. The kind of clothes we sell are tailored by the same class of journeymen tailors as are employed by high-priced merchant tailors. Not a yard of fabric is used in these garments that has not been thoroughly tested for its textile strength and color fastness; therefore we thoroughly endorse and guarantee all goods we sell, and say, "money refunded" without argument if for any reason you are dissatisfied with your purchase.

Our experience as well as yours has proven that the kind of merchandise we sell is as near perfection as can be, and though they cost a little more than the other kinds they are really the cheapest kind in the end. Our leaders in clothes are Stein Bloch Co., Adler Bros. & Co., the best brands in the country.

In Shirts, the Manhattan; Hanan Shoes and Stetson Hats. All of these are the highest class of merchandise in their respective lines.

THE TRUSTS WITH 'EM.

They Were an Important Factor for the Republicans in the Late Campaign.

Mr. Editor: If honest men needed any facts to prove that the trusts, bankers and millionaires were on the side of the Republicans they need but glance at the bond and stock market the day after the election. All trust stocks on New York markets advanced from two to four dollars per share, and Standard Oil, the King of the "octopus tribe," advanced thirty dollars per share upon the rumor that the next quarterly dividend would be twenty per cent. Instead of twelve. Think of it, you poor working men, five per cent is what the Republicans will allow you for loans; from forty-eight per cent, to eighty per cent, is what the Standard Oil trust pays its stockholders. At the same time, on the day after the election, wheat and corn dropped one and one-half cent per bushel, and cotton eighteen points to the bale. Tobacco, wire and nail trusts advanced their stock and sugar is up ten dollars per share.

The tobacco trust arbitrarily says it will pay six dollars for tobacco. What are you McKinley Republican farmers going to do about it? Yell for McKinley and contest Kehoe's election?

Your coal has advanced three cents per bushel, and will have two cents more added to it. Howl for McKinley and contest the election of Beckham.

The army will be increased to 150,000. The pension appropriation to two hundred and fifty million. Howl for McKinley and "cuss" the stamp and tax collector.

The "Force Bill" will be passed, and negroes and carpet baggers will dominate the South, and all citizens, except the Republicans and bolting Democrats, will be "beware of wood and drawers of water," and the "bottom rail will be on top." This election has settled the status of the American people. There will be but two classes from now on—the masters and the servants. Five million masters; seventy million slaves. Howl for McKinley and Yerkes.

Attorney John Young Brown appeared before the Appellate Court and practically asked that tribunal to pass Caleb Powers' case up to the new court by setting it for argument the last week in December. Chief Justice Hazelrigg said he had never before heard a request for such an extension and fixed November 23 as the date for argument.

The Auctioneers Will Be Here.

The following is self-explanatory:

CINCINNATI, O., Nov. 9, 1900.

Mr. John Duley, Maysville, Ky.—Dear Sir: Yours of recent date to hand and will with pleasure announce to the trade the fact that Maysville holds its second tobacco fair in January, 1901. I can assure all the trade they will have a pleasant time and will be sure of a royal Kentucky reception. With kind regards to you and the members of the board of Trade, I remain, yours sincerely, J. A. CANNON, Auctioneer.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

TUCKAHOE, Nov. 6.—For the first time a marriage was consummated in the old Beasley Creek Church and William Hardin Lucas led to the altar Annie Bouldin, the lovely daughter of W. Scott Osborne. It was indeed a notable event, and the crowd of friends which thronged the dear old place gave attestation to the fact of the popularity of the couple. The church was beautifully decorated with autumn's brightest hues. The music was enchanting and the ceremony performed by the Rev. E. S. Stevens was impressive. To the strains of Mendelssohn's wedding march the bride, gowned in white organdie and carrying bride roses, came in on the arm of her father, followed by the matron of honor, her sister, Mrs. Montgomery Pickett, of Chicago; then the bridesmaids, Miss Kate Lucas, of Paris, and Misses Martha and Frances Bouldin, of Tucka-hoe, beautifully gowned in white organdie and carrying LaFrance roses. The groomsmen were Mr. Debra Lucas, of Paris, Mr. Lucien Lucas, of Cincinnati, Mr. Chas. Osborne, of Chicago, Mr. Montgomery Pickett, of Chicago. A more beautiful wedding could not be imagined. After the ceremony the wedding party repaired to the hospitable home of the bride's parents, where a sumptuous feast awaited them, and before the dining room was deserted the wee small hours had come. The bridal couple departed for an extended Eastern trip, and upon their return will make their home in Paris, where Mr. Lucas is Principal of the High School. The presents were handsome and numerous.

COTTAGEVILLE, Ky., Nov. 8th.—Young wheat is very backward on account of the dry weather.

Mrs. Trullitt, a very old resident of this vicinity, died on Oct. 17th. Her age was said to be 103 years. The burial took place in Ebenezer Cemetery.

Clair M. Osborn was home from school at Lexington to attend the election.

W. R. Manuel, Deputy Sheriff, was here last week on business.

The marriage of Mr. Wallingford, of Fleming, and Miss Ella Shoven, of this place, was solemnized recently. A long and happy life for both is the good wishes of the community.

Maurice J. Murphy has gone to Lexington, where he will attend the Morse school of telegraphy.

A MAYSVILLE LADY

Offers Some Valuable Advice—Every Reader Interested.

Perhaps the reader is a "Doubting Thomas," for Maysville is full of them. Doubt, as a rule, leads to investigation, and, as "Doubting Thomas" will not accept as facts a long statement giving particulars of some incredible cure on the other side of the continent, he is asked to investigate the testimony of a local citizen:

Mrs. C. J. Sweet, of 713 East Second street, says: "Doan's Kidney Pills ended pain in my back, which had annoyed me for a considerable time. My mother, Mrs. A. F. Sweet, also uses this remedy and values it highly. Mr. Sweet got Doan's Kidney Pills for me at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. We are only too pleased to recommend a preparation which has proved so reliable and effective as did Doan's Kidney Pills."

Hello, Bill.

"BILL"

At the Washington Opera House on Tuesday, November 13th, will be offered the successful farce, "Hello Bill" presented by a company of unusual excellence. Perhaps the title is a misnomer, for "Hello Bill" is absolutely legitimate farce, without horse play, without innuendo, and absolutely free from suggestiveness. It is funny and contains not one dull moment. The engagement will be for one night. Seats on sale Monday morning at Nelson's.

Falmouth, Ky., Nov. 9.—Thomas Hacket shot and killed J. Hamilton at Brooksville. The trouble originated over politics.

The gross earnings of the Chesapeake and Ohio for the fourth week of October increased \$101,958, and since July 1 last \$786,421.

Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, bronchitis, la grippe and all throat, chest and lung diseases are surely cured by it. Call on J. Jas. Wood & Son, druggists, and get free a trial bottle. Regular size 50 cents and \$1. Every bottle guaranteed.
